

Nest Lockers.

Ranges : Metaloffice Nest Lockers - For Education & Leisure

Available from 1 to 6 doors in single columns and designed to for nesting together to create a uniform solution for office, education and leisure settings. Nest lockers are UK designed & manufactured to offer a quality solution with careful consideration towards client's budgets.

Nest lockers are available at three widths and two depths as standard, with our in-house design capabilities allowing us to offer custom units for project opportunities.

Options include; adjustable steel plinths to raise lockers from ground level, locker seat stands, HPL doors, sloping tops and lock options, including hasp & staple and both manual and digital combination. All Nest lockers have a unique concealed hinge system which eliminates the need for hinge adjustments to align doors - and doors never drop out of line.
